After an initial assessment, swimmers will work in smaller groups to maximize participation and fun whilst maintaining water safety. Overlooking the lake, the pool at Serene Lake is maintained to a high standard and cleaned throughout the day.

IMPORTANT NOTE: Students must be able to swim and float unassisted at least 25 meters and be comfortable swimming in 1.4m depth. Any students unable to do this will be invited to take part in the indoor activities instead.

INDOOR MINDFUL & WELLBEING DEVELOPMENT

AFTER LUNCH DAILY
[AGES: 5-8 YEARS OLD]

Younger children can take a rest after 3 exciting early sessions and lunch-time play periods by sharing a book with a friend, get creative with drawing or activity sheets or play fun games in small groups. This calm environment should hopefully give our young athletes the break needed to approach the final session of the day with energy and excitement!

We invite students participating to bring 1 book each day for this activity.
